

## AUSTRALIAN WINGLESS SPRINT of SA

(AWS OF SA INCORPORATED)

ABN 77 260 556 370

Website [www.awssa.com.au](http://www.awssa.com.au)

### CLUB MEMBERSHIP, LICENSING, CAR REGISTRATION & OTHER PROCEDURES

**STEP 1** AWS of SA membership is the financial year ie 1<sup>st</sup> July to 30<sup>th</sup> June each year and new memberships/renewals should be completed each year. Download membership form from AWSSA web site. Complete and return to the secretary with fee (check the membership form for current fees).

**STEP 2** If new to the class, car numbers can be obtained by phoning the Secretary.

**STEP 3** Speedway Australia (NASR) licence and insurance can now be done online on the Speedway Australia web site or be downloading an application form. Fees should be directed to Speedway Australia. A medical clearance will be required annually for all drivers as per SCCA rules. Licences and Speedway Australia rule books will be issued to our Club and will be forwarded to members. This should be done well in advance of the season start and practice to ensure that the licence is received in time. The new licences will now be valid for a full 12 months from date of issue instead of only being valid for the remainder of the season. Licensing can still be done on a hard copy application however a \$10 discount is offered if done online.

**STEP 4** Safety apparel must be compliant with current SCCA standards. In many cases these standards differ from those of Speedway Australia (NASR) standards. If you are new to the class and unsure of these standards, ask for clarification.

**STEP 5** A compliant fire extinguisher must be carried by all teams. Refer to Speedway Australia web site for further details. Compliant extinguishers can be obtained from Speedway Australia if desired

**STEP 6** Raceceivers (one way communications) are compulsory. These can be purchased from Speedway Australia.

**STEP 7** AWSR/SCCA car registration form can be downloaded from the AWSSA web site. To obtain a car number for a new registration, contact the Secretary. To hold a number but not register the car immediately, there is a \$100 holding fee but if the car is registered within 12 months of paying the holding fee, \$50 can be deducted from the cost of registering the car. Cars will be registered in the name of the car owner on completion of the form and payment of the registration fees to AWS of SA current fees on form). Registration must be received at minimum 3 days prior to a practice or race meeting to allow time for registration being processed. The log book and SCCA rule book will be issued to the Club and passed on to the car owner after the car has had a daylight inspection. The inside cover of the log book must be filled out by the owner of the car and a photo attached. Contact the Club for contact information for getting a daylight inspection.

All safety apparel and equipment will be inspected either at day lighting or at the track for compliance.

**STEP 8** Driver payments are made by direct credit to a nominated bank account. New drivers or existing drivers wanting to change bank details should download a Driver Payment Form from the AWSSA web site and return completed form to the Secretary.

**STEP 9** Driver profile forms are available from the AWSSA web site. Driver and car details will be updated on the AWSSA and AWSR web sites from this form as well as being used by commentators at tracks. This form should be sent to the Secretary. If you have a new photo of your car to be used on the web site, this should be emailed to the Secretary.

**STEP 10** The current SCCA Rule Book and Speedway Australia Rule Books as well as the SCCA Log Book must always be on hand at race meetings.
